

Prevent damaging ice build up on your cooling tower

Important features include:

- For installation new or existing field erected wood or fiberglass cooling towers
- Eliminate icing on louvers & rods
- Reduce splash out
- Reduce structural damage
- Prevent icing on ancillary equipment
- Eliminate manual de-icing of cooling tower by maintenance personnel
- Reduce de-icing time when fans are used in reverse
- Help reduce airborne litter in the basin

Dangerous ice buildup can block airflow and damage your cooling tower.

A low cost, efficient, and safe way to help winterize your cooling tower

Ice screens prevent buildup on cooling tower louvers and rods.

OEM Replacement Parts

Midwest Cooling Towers is a complete cooling tower supply company, offering a wide range of products to the cooling tower industry since 1987. Our large selection of quality OEM (Original Equipment Manufacturer) replacement parts are compatible with most models and manufacturers of cooling towers and they offer a high quality, reliable, low-cost alternative to expensive original equipment parts.
